

REMARKS

The Examiner has objected to the proposed change to FIG. 5. FIG. 5 of U.S. Patent No. 5,718,112 on which this Reissue Application is based is canceled as requested by the Examiner. FIG. 8 has been identified as new on the Drawing and in the Amendment.

The Examiner has required a new statement under 37 CFR 3.73(b) providing the reel and frame numbers for the transfer of ownership from Allied Signal Inc., to Honeywell International Inc. That information is not available yet. Enclosed is a copy of the Recordation Cover Sheet and Certificate of Merger that was submitted to the USPTO on June 11, 2003. This is sufficient evidence to establish the Chain of Title in Vericor Power Systems LLC. It is the understanding of the undersigned that this Certificate may not be recorded by the Assignment Branch for several weeks.

The Examiner has also objected to the Declaration that was filed. A new Supplemental Declaration is submitted herewith.

The undersigned had a telephone conversation with the Examiner on September 11, 2003 in which it was agreed that the proposed Response would be submitted by facsimile. This was done on September 30, 2003. The Examiner left a voice message with the undersigned on October 9, 2003, stating that the proposed Response and Amendment looked fine. This Response and Amendment is hereby submitted.

CONCLUSION

It is believed that all the formal requirements have been met and US Patent No. 5,718,112 is ready for reissue. It is requested that the reissued patent be issued with Vericor Power LLC being listed as the Assignee.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Harold L. Marquis", is written over a horizontal line.
